2014 IEEE I²MTC™ International Instrumentation and Measurement Technology Conference

Instrumentation and Measurements for Sustainable Development

May 12-15, 2014 | Radisson Montevideo - Victoria Plaza Hotel

Montevideo, Uruguay

I²MTC 2014 spans research, development, and applications in the field of instrumentation and measurement science and technology. The conference includes Industrial Tracks where research can merge with the practical applications of industrial technology used every day, to foster the exchange of know-how between industry and academia.

Paper contests will be held including a Conference Best Paper Award as well as Student Best Poster Awards, with cash awards for best papers/posters.

We are seeking presentations and papers to explore topics related to the instrumentation and measurement aspects of:

- > Advances in Instrumentation and Measurement
- > Developments and Techniques
- > Biomedical Systems
- > Data Acquisition
- > Systems and Techniques
- > Energy and Power Systems
- > Industrial Process
- > Control Measurement and Instrumentation for Industrial Applications
- > Measurement Applications
- > Measurement of Electric and Magnetic Quantities
- > Measurement of Materials and Mechanical Quantities
- > Measurement, instrumentation and Methodologies Related to Healthcare Systems
- > Measurement Systems and Medical Instrumentation Theory
- > Non-invasive Measurement Techniques and Instrumentation
- > Real-Time Measurement
- > Robotics and Controls
- > Sensors and Sensor Fusion
- > Signal & Image Processing Techniques
- > Software Development for Measurement and Instrumentation
- > Support Techniques related to Instrumentation Transducers
- > Virtual Measurement Systems
- > Wireless Sensors and Systems.

You are all cordially invited to latinamerican hospitality in Montevideo, Uruguay for an exciting Conference

Prospective authors are invited to submit extended abstracts (3-4 pages) via the I²MTC conference website <http://imtc.ieee-ims.org>. The abstract should report on original research results of theoretical or applied nature and should explain the significance of the contribution to the research field. The manuscripts must be prepared according to guidelines provided on the I²MTC website.

The extended abstracts will be reviewed by the Technical Program Committee. All papers presented at the conference will be published in the Conference Proceedings and via IEEE Xplore.

In addition to papers, the conference will also have Tutorials and Exhibits covering the entire range of instrumentation and measurement technology.

We seek company sponsors to partner with us to bring instrumentation closer to those who use this exciting technology.
